Dear Parents or Guardians,

December 21, 2016

In an effort to increase what the choir is capable of doing, we are considering increasing the length of the rehearsal 15 minutes. This means that instead of ending at 3:45, practices would run from 3:15 - 4:00. The additional minutes, while not seeming like much, would allow us to practice 2-3 more songs each rehearsal, meaning that we could do more songs, and/or increase the quality of the songs we already have.

This change will take place as of January 10th, our first rehearsal of the next semester.

If you have any concerns about this change, please email me at sterlingburriss@jordandistrict.com.

As always, thank you for allowing us to teach your children!

Sterling Burriss
