# RIVERTON READS: SUMMER READING FUN

This year we are excited to try something new, a summer reading program just for our Riverton Elementary crew! To participate, simply keep track of TEN books you read over the summer and submit your reading log to your teacher when you return to school in the fall. Each participant will be awarded with their name written on fence clips that will be installed in our new fence mural, and they will have the chance to win some other fun prizes as well! We will have a weekly reading challenge on our social media pages, so follow us and play along! We will draw a weekly winner from those who participate in the challenges. Prizes include spirit wear, games, lcd tablets, book lights and more! We can't wait to see all of the great books our students read over the summer!

Happy Reading!  
Riverton Elementary PTA

\*Anyone is welcome to participate, but awards will only be available to Riverton Elementary School students.
